## What's Your Mountain?

- \* Is it a mound of bills?
- \* Is it a precipice of loneliness?
- \* Is it a dream that seems continually just out of reach?
- \* Is it a spouse who's betrayed you?
- \* Is it a health challenge?
- \* Is it a relationship that isn't working?

*"If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you."  
- Matthew 17:20 KJV*

- \* Is your life a frustrating cycle that keeps repeating?
- \* Do you continually encounter the same roadblocks?
- \* Are you tired of "wandering in the wilderness?" Are you ready to have the faith necessary to enter your promised land?
- \* Isn't it time you learned the spiritual lesson within your challenges so you can move on?

## This Workshop Holds the Keys!

This 4-hour workshop is limited to a maximum of 40 participants so that we can work in an interactive environment - really applying the principles to your life and challenges.

You'll be given tools, techniques and principles for building your faith. Once you know them, they'll be in your "faith toolbox" - ready for you to use whenever you need them!

Take the mystery out of your trials. Attend this workshop and better understand what God is doing in your life. You'll learn God's laws, how He works, how to be sure you're on the right path, and how to deal with mountains that seemingly block that path.

# Can Your Faith Move Mountains?

## Suggested On-Air Questions for Author, Marnie L. Pehrson

- 1 You're an author and an internet developer, and I understand that you've been operating the Christian Web site SheLovesGod.com since 2000 and have been leading 1,500 Christians through a coaching program called RejoiceIn2007 for this past year. Now you're offering these live workshops on faith. Why are you doing this? What motivates you to get out and teach other people what you've learned about faith?
- 2 How will this workshop help people obtain mountain moving faith?
- 3 What are some of the typical mountains people encounter? What are the challenges you see people facing that faith in God can conquer?
- 4 Why do people get stuck in the same challenges - for example attracting toxic relationships or repeating health issues or constant financial struggles?
- 5 I realize you can't give us the whole workshop here, but if you were to give three fundamentals for having this kind of faith and trust in God, what would they be?
- 6 How is your workshop going to help people who are stuck in these types of cycles?
- 7 What about people who feel they are faithful, but there's this tug of war over what they control and what God controls? Do you have any guidance for people in knowing the line between what they control and what God controls?
- 8 What about people who feel that they are faithful and trusting in God but bad things are still happening to them?
- 9 What about people who are faithful, feel like they received an answer from God, and then find out it wasn't the ultimate answer they were hoping for? They often start to question their faith or question that God really spoke to them. What do you say to these people?
- 10 A lot of people have fears that stand in their way. How can people use faith to face their fears?
